

NUMBER OF BLIND STREETS TO BE OPENED, DECISION REACHED BY MEMBERS OF CITY COUNCIL

Improvement Of Sycamore Road Included In Projects Under Way; Placing Of Water On East Side Of Verdugo Canyon

VISUALIZATION OF A GREATER GLENDALE, a city of uniform streets connecting with main highways, a city of homes, banked clear to the northerly limits of Verdugo canyon, was presented by members of the City Council last night when first action to open a number of thoroughfares was taken. Also, the council started proceedings to place water on property on the east side of Verdugo canyon with the expected result that the territory will become filled with attractive homes and country places. Opening streets and placing of water on the east side of Verdugo occupied the attention of the council for more than three hours.

Here are the street improvements ordered started last night:

SYCAMORE ROAD—Improving to be paid for by the abutting property owners to the extent of an ordinary street, but cost of work for use as storm drain to be paid for by the entire city in an assessment district.

WILSON—Opening from Pacific avenue to the San Fernando road.

LOS FELIZ—Opening from San Fernando road to Glendale avenue, taking off land from both sides of the thoroughfare.

WEST MAPLE—Improving, from Central avenue to Columbus avenue.

EAST MAPLE—Improving, east from Sycamore avenue to Verdugo road.

PALMER—Opening, Central to San Fernando road.

CHESTNUT—Opening, from easterly line to Belmont street.

ORANGE GROVE—Improving, from Adams east to Verdugo road.

Opening and improving of several other blind streets will, it is expected, be ordered at another meeting of the council in the near future.

Sixty Foot Streets

At the suggestion of Councilman C. E. Kimlin, the council passed a resolution declaring that in the future all streets shall be dedicated for sixty feet from property line to property line unless good cause is shown why the policy should not be carried out.

It was after a long conference with Dr. H. B. Crocker that the council decided to instruct William H. Reeves, city manager, to immediately secure all the facts relative to the city's water rights in Verdugo canyon and make a report so that proceedings could be taken to place water on the east side of the canyon.

Dr. Crocker predicted that when water is placed on the east side of Verdugo, the territory within the city limits will have an assessed value of a quarter of a million dollars.

Dr. Crocker said that in appearing before the council he represented the "small" property owners in the canyon; the "large" property owners, he declared, could speak for themselves.

To Open Blind Streets

The motion to improve Sycamore road including part of the cost in an assessment district to take in the whole city was made by Councilman Dwight W. Stephenson. The motion to improve Orange Grove avenue was made by Councilman S. A. Davis. The motion to open Los Feliz road was made by Councilman Stephenson, with Councilman Davis opposing. The latter declared he favored the opening stopping at Central avenue. Councilman Stephenson made the motion to improve West Maple. Councilman Davis made the motion to open Wilson. Councilman Stephenson made the motion to open Palmer. Councilman Davis made the motion to improve East Maple.

Make Trip Here From England; May Locate

Mr. and Mrs. R. E. Spicer and little daughter Eileen, and E. H. Spicer, all of London, England, arrived in Glendale Monday, after a strenuous, but pleasant trip across the continent by motor, and are guests in the home of Mr. and Mrs. James Howarth, 343 North Isabel street.

The visitors crossed the Atlantic on the "Carmania" and purchased a touring car in New York City. It is their first visit to Southern California, though they have spent some time in New York City some years ago.

Mr. Spicer is a chartered accountant and is planning to locate in this city or Los Angeles if he sees any good business openings in these cities. He and Mr. Howarth were schoolmates years ago when both were attending Watford College in England and the reunion is a very happy one for both men. The Howarth's are hoping to convince their guests that Glendale is the most ideal spot in the southwest for a home.

BUILD ADDITION TO HOME

Mr. and Mrs. Runger of 1234 East Broadway are building an addition to their home. When completed they will have one of the cosiest bungalows in that part of town.

LOS ANGELES ELKS BEAT LOCALS IN RITUAL WORK

Glendale Officers Make Fine Showing and Lose Contest by Few Points Only

In a dual contest between the officers of Los Angeles lodge, No. 99, and those of Glendale lodge, No. 1289, the former last night won in the initial preliminary competition for delivering the ritual of the lodge for the Raymond Benjamin cup, which is the trophy awarded each year to the leading officers' corps in the entire state.

Last night's contest in the local club room was originally scheduled to have been a three-cornered affair between Los Angeles, Glendale and Santa Monica, but at the last minute the Hay City representatives sent word it would be impossible for them to compete. This action automatically eliminated their team of officers, they being given last place in the contest.

After the meeting had been turned over to Frank A. Gardner, who is a member of Riverside lodge, No. 643, the officers of the contesting lodges retired to the anteroom, where final preparations were made.

Delegations Are Present

About 350 Elks were assembled in the lodge room, a good proportion of which was composed of members of clubs from many cities all over the state. Especially large delegations were present from the San Diego and Riverside lodges, respectively.

The final score, which was computed by a group of "neutral" judges and checkers, gave Los Angeles a total of 685 points and Glendale but a few points less, 657. From the comparative results it may be noted that the competition was exceptionally keen throughout the affair. The decision was rendered about an hour after Alfred P. Priest, Glendale's exalted ruler, had completed the contest.

The winning group of officers from Los Angeles were as follows: Norman A. Ballie, exalted ruler; Ray A. Laswell, esteemed leading knight; Dick Hill, esteemed loyal knight; Bert F. Hadley, esteemed lecturing knight; George Breslin, esquire; George Armstrong, inner guard; Fred E. Pierce, chaplain.

Judges of Contest

Glendale's officers are: Alfred P. Priest, exalted ruler; Arthur H. Dibern, esteemed leading knight; James A. Appfel, esteemed loyal knight; Earl Patterson, esteemed lecturing knight; G. A. Dockery, esquire; Walter Jones, inner guard; Jack Hearnshaw, chaplain.

The three judges of the evening's event were John M. Ward, past exalted ruler of San Diego lodge, No. 168; H. M. Hays, past exalted ruler of San Bernardino lodge, No. 836; George A. Sarau, past exalted ruler of Riverside lodge, No. 643. The checkers were R. C. Benbough, past exalted ruler of San Diego lodge, No. 168; J. W. Shrimp of Riverside lodge, No. 643; C. B. Hanson of San Bernardino lodge, No. 836.

Following is a list of the number of words in the parts of the various officers: Exalted ruler, 1810; leading knight, 689; loyal knight, 239; lecturing knight, 246; esquire, 781; chaplain, 84; inner guard, 31.

SOCIAL EVENING ENJOYED

Mr. and Mrs. Charles A. Stockbridge of 231 North Adams street entertained at their guests Saturday Rev. and Mrs. R. M. Mottern, Dorsey Mottern and Miss Elizabeth Mottern of 211 North Adams street. Mr. and Mrs. B. S. Wilson of Los Angeles, brother and sister-in-law of the Stockbridges, were invited, but were unable to be present. One of the pleasures of the evening was a group of several splendid vocal solos by Miss Elizabeth Mottern. Refreshments of French pastries and ice-cream were served by the hostess.

PICNIC TRIP IS ENJOYED

Miss A. Judson Harris of 138 North Belmont street recently enjoyed a very delightful outing when she drove to Fish Canyon, north of Monrovia, with a group of friends and spent the day picnicking there. The canyon is an ideal spot for a picnic, the swimming pool is in splendid condition and a stream of fresh water constantly flows into it. Miss Harris reports that it is the pleasantest trip she has made this summer.

MRS. J. R. BRIGHT HOSTESS

Mrs. J. R. Bright of 319 North Maryland avenue is entertaining as her house guest her sister, Mrs. Ella Morris of Springfield, Ill. Committee Meeting Secret

(By United Press to The News)
CAMP CURRY, Yosemite, Cal., Aug. 23.—The executive convention of the American legion met today to thresh out the Frederick-Bebergall telegram incident which threatened to split the American legion in San Francisco.

The committee meeting will be secret except that one representative from each congressional district of the state will attend.

Governor Stephens and State Commander Buron Pitts, late yesterday addressed the Women's Auxiliary of the legion.

Delegate Is Drowned

Arrangements were being made to ship back to Santa Ana today the body of Dale Talbott, 526 South Broadway, Santa Ana, a delegate to the American Legion convention here, who was drowned in the Merced river late yesterday. He was aged 23.

Talbott lost his life while swimming between Arch Rock and the Cascades at a place on the river called Steamboat bay. Four companions were with Talbott, none of whom could swim. They were forced to walk several miles for help and when a doctor, with a pulmotor arrived and the body was recovered, it was too late. W. S. Gerb, a close friend, witnessed the drowning.

Edna Mae Paull Is Hostess on Birthday

In celebration of her eighth birthday anniversary, Edna Mae Paull entertained a party of twenty children yesterday. Edna Mae Paull is a charming little hostess and carried out her duties to perfection.

The party was held in the gardens back of the home of Mr. and Mrs. Woodroffe Paull, 316 West Vine street. A both and table had been arranged here, the decorations for which were carried out in orange and yellow. Each guest received a doll, dressed as a Colonial lady in colors to match the decorations, also baskets, balloons and other favors.

After reading the greetings received from her grandmother, Mrs. Edward Francis Paull of Hastings, England, and thanking her friends for the many pretty and useful gifts presented her, the little hostess served tea. Games were then played until 7 p. m., when the guests went home well pleased and happy.

PERCY JEWELL IS HOST

About twenty-five young people gathered at the home of Percy Jewell, 1319 East Harvard street, Saturday night for a social and business meeting of the Intermediate Christian Endeavor society of the First Presbyterian church. Following the business session a merry evening was spent playing games, the most entertaining feature of the party being the contest in which the boys dressed their fair partners in newspaper frocks which they designed and fashioned themselves. Delicious refreshments were served later in the evening.

J. R. TURNER ON OUTING

J. R. Turner of 130 South Jackson street will leave Wednesday for San Francisco, where he will spend a week as the guest of former neighbors and friends. Mr. Turner, who is assistant agent of the Glendale office of the Pacific Electric Railway, is enjoying a two weeks' vacation from the local headquarters. Upon his return from the northern city he intends to spend the remainder of the time in an outing at one of the near-by beach resorts.

Today's World News In Brief (By United Press to Glendale Evening News)

VATICAN HAS NOT INTERVENED IN IRISH NEGOTIATIONS

DUBLIN, Aug. 23.—The vatican has not intervened in the Irish negotiations, according to an unofficial announcement by the Sinn Fein cabinet this afternoon. A message which was delivered to President De Valera by Bishop Mulhara, of Dromore was not from Rome, it was declared.

DEFICIENCY BILL PASSED BY SENATE, VOTE IS 50 TO 16

WASHINGTON, Aug. 23.—The deficiency bill carrying \$48,500,000 for the shipping board and \$200,000 for the expense of the disarmament conference was passed by the senate today by a vote of 50 to 16. Eight democrats supported the measure and two republicans, Senators Borah, Idaho and La Follette, Wisconsin, voted against it.

MEXICAN OIL STOCKS FEATURE OF EXCHANGE OPENING

NEW YORK, Aug. 23.—Mexican oil stocks were the feature of the opening of the stock market today. Mexican Petroleum opened up 1½ at 93 and then ran up to 94¼. Pan American made an early high of 42½, up 7½. Other oils also gained. Asphalt at 43 was up 1½. Rails remained heavy, although Northern Pacific was unchanged at 72½. There was heavy selling in Rock Island shortly after the opening. Famous Players responded to the regular dividend with a gain of 2¼ at 54. Sugars were soft. American Sugar made a new low of 59½.

FOUR OF SHIP'S CREW IN IRONS BECAUSE OF MUTINY

NEW YORK, Aug. 23.—The first story of mutiny aboard the Panama railroad liner Allianca which sent out S.O.S. calls and took on U. S. marines to guard the vessel after rioting had started among the crew, was told today when the steamer arrived here with armed guards pacing the deck. Four of the crew were in irons and no one was permitted to enter the pier where the Allianca docked. Dr. Thomas B. Joyce said he had the busiest three hours of his life that afternoon when the rioting reached its height. He had twelve patients whose burns and cuts and bruises required immediate attention. Only one passenger on the Allianca witnessed the fighting, Miss Isabelle Johnston of Ironton, Ohio. She said she saw a sailor brandishing a hatchet, driving a terrified stoker in full flight about the deck. She ran screaming to her stateroom and locked herself in. A bottle of iodine and differences between American and British sense of humor started the whole trouble. While the Allianca, with 104 passengers, was proceeding to Cristobal a British sailor named James Cooney, took a nap on the deck and some fellow members of the crew decided to paint him with iodine. When the burning sensation awakened him, Cooney rushed to his bunk, secured a revolver and chased his persecutors about the ship. When the vessel reached Cristobal the matter was adjusted to the satisfaction of the authorities but not to Cooney's liking and at Port De Paix, Haiti, he took on large quantities of Haitian rum, in common with many other members of the crew.

HEAVY THUNDER AND LIGHTNING STORM IN SOUTHLAND

San Jacinto Mountains Scene of Downpour; Light Rain Falls Over Glendale

Dispatches to The Evening News

say that one of the most severe thunder and lightning storms in many years broke over the San Jacinto mountains at 4 o'clock this morning and up to 8 o'clock the rainfall was reported to be 1.30 inches.

Great volumes of water are pouring into Lake Hemet, while the San Jacinto river is higher this morning than at any time last winter. Rain was still falling at 8:30 this morning.

Rain fell in the Hemet and San Jacinto Valley, but the damage will be light. Dried fruit had all been taken care of. The damage will be to hay. In the Temecula and Wildomar sections of the Elsinore Valley there was a rainfall of .32 of an inch and some damage is reported to hay down in the fields.

The storm broke over Riverside Valley about 3 o'clock. The lightning was sharp and heavy thunder rolled for half an hour. Little rain fell in this city, but in the West Riverside section the rainfall was heavy.

Glendale Gets Wet

It rained in spots in Glendale this morning.

Residents west of Brand boulevard had their lawns and gardens sprinkled free by old Jupiter Pluvius, but he refused to turn the hose on the eastern part of the city.

H. E. Bartlett, who reports the rainfall, lives at Lexington drive and Brand boulevard. There wasn't moisture enough to measure there, he said.

A summer downpour is "unusual," of course. However, it has happened before and rain or sunshine the "all year round" climate is fine.

Mrs. Fred Walton Is Hostess to Bride-Elect

Mrs. Fred Walton of 320 Myrtle street entertained with a "tacky" party and linen shower recently in honor of Miss Lenore Williams, who is to become the bride of Bert Effler of Cleveland this fall. Guests came attired in old-fashioned costumes and decorations of weeds, etc., were used.

Mr. Walton, disguised as a colored man, came to the door with a large wash tub, asked for Miss Williams, and told her he wanted 80 cents for the washing. Instead of the wash, however, the tub contained many beautiful gifts for the honored guest.

Refreshments were served cafeteria style and a very jolly evening enjoyed. The bride-to-be came attired in an old-fashioned Red Riding hood costume and her mother wore an old-fashioned ball gown of lace and black jet.

Guests present included Miss Lenore Williams and mother, Mrs. Elsie Williams, Mrs. E. Bufkins, Mrs. G. Yarbrough, Mrs. McGhee, Mrs. M. Baxter, Mrs. S. Fensler, Mrs. Lortimer, Miss Helen Bennett, Mrs. Anita K. Anderson and Mr. and Mrs. Fred Walton.

KENNEDY CASE CONTINUED

LOS ANGELES, Aug. 23.—Through a crowd of "murder fans" lined up fifteen deep along Buena Vista street, the "Street of Sighs," Mrs. Madalynne Obenchain, charged with the murder of John Belton Kennedy, walked from the county jail to the courtroom of Judge Sidney Reeve to appear while her attorneys made a request for a postponement of the arraignment. Burch was taken directly from the one building to the other over the "Bridge of Sighs." Women are never taken across the bridge, which leads from the men's quarters of the jail.

Attorney Warren Williams, acting for the defense, made the motion for postponement, declaring that a postponement had been stipulated between the defense and the prosecution to that effect. Judge Reeve granted the request, and set the arraignment over until Monday, August 29.

Prices Do Tell, Says Oakland Agent Here

Prices do tell and advertising pays when it comes to the sale of second hand motor cars, according to Max Green of Green & McClellan, local Oakland dealers. Using The Glendale Evening News exclusively, two quarter page ads put over two sales the first day and another party who intended to buy a used car liked a new one better and bought it.

MARINES SET FOR ACTION

WASHINGTON, Aug. 23.—American marines aboard the dreadnaught Pennsylvania are on the high seas today, hastening to Central America to see that the verdict of the United States is carried out in the dispute between Panama and Costa Rica. The United States has served notice on Panama that this government believes Costa Rica should have the disputed territory of Coto, which is at present held by Panama troops. The dispatch of a battalion of marines, it was said in official circles here, is merely a precautionary measure. They will land at the Pacific end of the canal and may be sent up the coast to the Costa Rican boundary. This action follows long negotiations between the United States and Panama, which began almost immediately after the inauguration of President Harding. Panama has seized the Coto district on the Pacific side in retaliation for occupation by Costa Rica of territory on the Atlantic side assigned her under the award of the late Chief Justice White, which Panama disputed. Secretary Hughes protested that dissatisfaction with the award on the Atlantic side should be no excuse for seizure by Panama of the Pacific territory which was assigned to Costa Rica under the Loubet decision, which Panama accepted as fair.

WOMAN LOVES BUT ONCE?

CHICAGO, Aug. 23.—All the laurels for faithful lasting love were handed to the women today by Leo Dietrichstein, the "great lover" of the American stage. The only limit to the love affairs of a man is the number of women in the world, but a woman tastes of love only once in her life, according to the specialist in feminine affections.

"Man is a polygamist individual, by nature," Dietrichstein said. "He will leave one woman and go away to love others. Women are different. I have known many women to live unmarried all their lives simply because they could not marry the man she loved, but I have never known a man to do that."

Real love is all the dictionary says it is—plus complete mental comradeship, Dietrichstein believes. The actor, however, does not draw his conclusions from his own life. Mrs. Dietrichstein is his hobby. He always tours with her.

OBSERVES ANIMAL LIFE

YELLOWSTONE PARK—Yellowstone's wild animal life is going to be put under observation by Edmund Heller, who gained fame by accompanying Theodore Roosevelt into East Africa. Heller arrives soon, and will spend the fall and winter months studying chiefly the moose, elk, buffalo, deer and antelope of the park. Dr. Henry Van Dyke, noted writer, is also expected to visit Yellowstone late in the season.

It takes just six hours to convert a growing forest tree into a paper printed and sold on the streets.

Woman Driver of Auto Starts Geyser of Oil by Collision

When Mrs. William Ferguson of 331 North Louise street avoided colliding with a car driven by Casper J. Tuttle of 617 Vine street, she apparently lost control of the machine which she was driving north on Louise street across Broadway and did not stop until after the Hercules gasoline pump at the Security Service station, operated by Gus Pulliam, had been wrecked.

A geyser of oil shot over the car as it stopped at the door of the station. Mrs. Ferguson coolly shut off the motor and climbed out of her car, unharmed, although the pump was broken beyond repair and the front fender of the automobile bent nearly double by the impact.

Mr. Tuttle, who was driving south on Louise street, also nearly wrecked his machine in avoiding a collision. Bystanders commented on the "big kick" the Hercules gas displayed as it sprayed around the station while Mr. Pulliam was working hard to close the underground valve.

BUT WHY HIS TROUSERS

NEW YORK—Sydney Reynolds, working overtime in his office, chuckled his outer garments because it was hot. A thief swiped them. He was a prisoner of convention until friends supplied trousers.

Wife of Oldest French Soldier, Stricken, Comes to His Bedside Here

Mrs. George Le Mesnager, wife of the oldest French soldier in the World War, arrived in Glendale yesterday from Paris after a hasty trip back to this city to take care of her aged husband, who was recently stricken with apoplexy, and who resides on Opechee Way in the Verdugo Canyon.

Mrs. Le Mesnager, accompanied her daughter Yvonne abroad several months ago to complete her education. Miss Yvonne Le Mesnager was taken ill a few weeks ago and when word was received of the serious illness of Mr. Le Mesnager his wife left the daughter at the home of a niece in Paris and returned to Glendale at once.

Mr. Le Mesnager is a veteran of the Franco-Prussian and the World wars, and although past 73 years of age made an unparalleled military record.

Mrs. Henry Johnston Hostess to Gathering of Local W. C. T. U.

Notwithstanding the heat and vacation time, the pleasant parlors of Mrs. Henry Johnston of 111 North Everett street were well filled with "white-ribboners" at the regular meeting of the W. C. T. U. Friday afternoon.

The coming Young People's Bible institute and lecture by Mrs. Maude Perkins, national director of the organization, and the reception that is to be given to her and to the young people of Glendale, were discussed during the business meeting. The president read the following excerpt from an address by Commissioner Roy A. Haynes, the successor of F. Kramer, federal prohibition commissioner:

"I wish that we might have in America a revival of regard for the sanctity and majesty of the law. I wish that it might be preached by the parents in the home as well as by the teacher in the school; by the preacher in the pulpit; the writer and the cartoonist; through the press; the actor on the stage; by every good citizen and agency."

Resolutions of Sympathy.
Resolutions of sympathy were ordered sent to Mrs. Fansett, a member of the union, for her recent bereavement in the tragic death of her husband, J. P. Fansett.

Rev. Mrs. S. E. Logie, county superintendent of evangelism, addressed the meeting on "Social Welfare"; she covered not only the work for soldiers and sailors at the home center in San Diego, where she was house mother for two years, but gave a broad and comprehensive view of the field that ought to be covered by the department of social morality.

Notice was given of a picnic reception to be held in honor of the national officers and leaders who are en route for their homes from the convention now in session in San Francisco, the date is uncertain but will be one day the last of this week.

KILLS BIG MOUNTAIN LION

Henry L. LeGrande, local station agent of the Pacific Electric railway, returned to his duties at the Brand boulevard depot Monday morning, after having spent a two weeks' vacation at Jacumba Hot Springs. Mr. LeGrande was accompanied by Mrs. LeGrande on the trip to the resort, which is located in the southern part of the state, near San Diego. They were guests of friends in the southern city. While on a short hunting trip one day during the vacation Mr. LeGrande reports that he killed a large mountain lion, in addition to a number of rabbits and lesser game.

Long Skirts Are Here
Mary Miles Minter went to Paris in the short skirts of yesterday—a veritable child, but she returns to Los Angeles with the long dresses of today and it is expected that the fashions hereabout will change. Oh, yes, Mary is going to be quite satisfied to marry an American man now that she has seen France.

Young Pair Alleged Bandits
Eileen May Simmons, 15, of Hollywood, and Clyde L. Haviland, 18, of Inglewood, were captured in the mountains back of Sierra Madre and charged with the holdup of two hikers. The Simmons girl had been away from home for a week. The care-free pair are now in juvenile hall.

Fighting Six Forest Fires
More than 400 men are fighting six forest fires in the Santa Barbara mountains. Mary, the 15-year-old daughter of Fred Wanderver, rode horseback fifty miles over mountain trails to provide mule pack trains with shoes in order that the fire on Pine mountain could be successfully fought. The air patrol will be on duty again now that the government has seen fit to provide gasoline to run the machines.

VISIT AT MOUNTAIN HOME

Dr. and Mrs. Harry V. Brown of 144 North Orange street and Mr. and Mrs. C. D. Lusby of 118 Pioneer Drive motored up to the "Rim of the World" in the San Bernardino mountains Saturday and spent the weekend at the cottage of Dr. and Mrs. C. M. Crist. The cottage is very comfortable and is located where one can get a wonderful view of the valley and can see twelve different towns. Dr. and Mrs. Crist and Kenneth are getting a great deal of pleasure out of their vacation and are always delighted to see any of their Glendale friends. On their trip the Browns and Lusbys visited Pine Crest, Little Bear Lake and Strawberry Peak, returning Monday night.

Moore is a prominent merchant, banker and land owner at Laredo and leading Elk in that section of Texas. He will visit Glendale the latter part of September and make the return trip to Texas with his wife and daughter.

Rev. W. E. Edmonds Writes Concerning Jonah and the Fish

By REV. W. E. EDMONDS
Pastor of Presbyterian Church

The modern unbelievers have taken great pleasure in seeming discoveries of errors in the Bible, the word of God. They differ in an offensive manner from the infidels of a former generation. They were frank and manly in that they refused to claim for themselves the title of Christian, but declared plainly that they were not Christians, but opponents of the faith. The modernists appropriate the name of Christian and then reject everything distinctly Christian. They profess admiration for Christ, and then deny every essential which He taught. They hold themselves competent to determine what of His teachings were true and what false.

They have assailed the historicity of many of the statements of the Bible, but recovered records of the very stories in the ancient walls through scientific archaeology have cried out against them and proven them untrue. The one event upon which they have dwelt the longest and with the greatest confidence and satisfaction, even heaping upon it all manner of ridicule, is the account of Jonah and the great fish.

They have gone to much labor and showed much learning and skill as they have measured the throats of whales and sharks, and determined their circumference and diameter, and showed the impossibility of any living thing continuing to live for three days inside the body of another. So, with great gusto and big smiles, they pronounced the whole account of Jonah a bungling myth, in which the writer had gone so far as to enwrap the sublime in the ludicrous.

Buried for Centuries

The cylinders now found in the museum of the University of Pennsylvania were buried in the ruins for centuries, while the great scholars of Germany and their followers in other countries whittled away at the Bible. But in an unexpected moment, by the hand of His servants, God brought forth the cylinders with their writings on imperishable substances, to bear witness to the truth of His word and to confound the gainsayers. Now, while Germany is in the dust and her followers in confusion, the cylinders and the Bible stand forth in victory.

So, too, the great fish which was stranded and captured recently off the coast of Florida, testifies. For a length of time which we cannot measure, this fish lived in the great depths, all unknown to man and his greatest scientific knowledge. In His own time God made the sea give it up, and it is preserved in the National Museum at Washington. This fish weighed 30,000 pounds. Its liver weighed 1,700 pounds. Its length was forty-five feet; its circumference, twenty-three feet nine inches; its diameter, eight feet three inches, so that the largest man could stand upright, and its mouth and throat are large enough to admit two men. It contained hundreds of pounds of fish of all sizes, alive. Thus this fish, of the twentieth century, has given the lie to the boasted speculations of the great modern speculators and turned their boasted wisdom into shame. The Word of God still stands, and the mockery of men is proven false. Let

ADVENTIST CHURCH OFFICIALS MEET IN CONFERENCE

Elder A. G. Daniels and Elder
W. T. Knox Here to Talk
Over Future Plans

Elder A. G. Daniels, president of
the general conference of the
Seventh-day Adventist church which
embraces the world, and Elder W. T.
Knox, the treasurer of that group,
from Washington, D. C., are in Glen-
dale conferring with the officials of
the Pacific Union Conference. Of
course, Elder Daniels is more than
pleased with the growth of both the
church organization and the south-
west.

Prof. W. W. Ruble yesterday held
an educational conference here with
Prof. D. D. Lake of the Lodi acad-
emy and Prof. A. Earl Hall of the
San Fernando academy among the
teachers attending. The Seventh-
day Adventist school at Loma Linda
also was represented.

College Professor Here
Prof. Claude Conard, who has
been with the Pacific Union college
at St. Helena, and his family, are
guests at the home of Mr. and Mrs.
B. M. Emerson, 441 Salem street. He
is en route to Keene, Tex., where he
has accepted a position with the
Southwestern Junior college of the
Seventh-day Adventists.

Elder J. Adam Stevens returned
the first of the week from San Fran-
cisco, where he spent two days on
conference business and Elder J. A.
Nielsen of Ogden, Utah, is here to
confer with the general conference
officials.

Billie Burke Picture Palace Grand Feature

Billie Burke's latest Paramount
picture, "The Education of Eliza-
beth," which comes to the Palace
Grand Theatre for two days, begin-
ning this afternoon, is a film adap-
tation of Roy Horniman's famous com-
edy which was produced in London
in 1907 and which has been pre-
sented all over this country with
great success.

The story deals with the education
of a rough and ready chorus girl by
members of an aristocratic family
and many laughable scenes attend
the process. Miss Burke's role is
said to be one of the best in which
she has been seen in many months.
Donald Cameron is leading man and
he heads an exceptionally large and
clever supporting cast.

"Home Talent," a five-reel Sennett
comedy, adds more flavor to a de-
lightful program. It's a dandy
double bill. If you want to laugh,
see this show.

Glendale Folk Leave on Deer Hunt Trip

Dr. and Mrs. T. C. Young of 400
North Kenwood street and Mr. and
Mrs. A. L. Baird of 637 North Orange
street left this morning, by automo-
bile, for Chester, which is about 100
miles northeast of Chico, on a
month's camping and deer hunting
trip. Their automobiles were equip-
ped with camping and hunting para-
phernalia. At Chester the party
will be met by their Indian guide,
who has accompanied them on their
hunting expeditions for the past
three years. Harry Hall of the
Buick agency, and wife, will join
them at Chester. From here they
will pack in about six miles to their
camping place. One of the trips
planned by the party is a climb up
Mt. Lassen and a visit to points of
interest in that vicinity.

VISITORS FROM NORTH

Misses Helen and Lelia Johnson
of Rice, Washington, were the Sun-
day guests of Mrs. A. H. Imler of
West Park avenue. Both are soror-
ity sisters of Mrs. Imler's daughter,
Miss Marjorie Imler, who is at pres-
ent attending the University of Cali-
fornia at Berkeley. They are plan-
ning to spend the coming winter in
Los Angeles, where the former is
connected with a large publication
and where the latter will enroll in
the University of Southern Cali-
fornia.

TOO FAST FOR HOLD-UP

Mr. and Mrs. J. C. Satow of Glen-
dale, in company with H. J. Heuer-
man, wife and son of Los Angeles,
motored to Bakersfield and returned
Sunday. They did not get started
on their jaunt until 11:30 o'clock
Sunday forenoon, but made time
when on the road. Their hurry to
get home saved them from being
held up on their return, as they
sported by a masked man who tried
to stop them.

BACK FROM CATALINA

Mr. and Mrs. J. J. Hickman of
West Park avenue returned to their
home Sunday night from Catalina
Island, where they enjoyed several
days' outing with a party of friends.

Calls Mass Meeting of Business Men to Form Organization

Southern Glendale, Let's go!
That's the slogan adopted by
George E. Schram who has called a
meeting of business men in the San
Fernando Road district for Thurs-
day night at 7:45 o'clock. The ses-
sion will be held in the Knights of
Pythias hall, 1500 South San Fer-
nando Road.

More than two score of enterpris-
ing merchants and professional men
of the southern section of this thriv-
ing city have signified their intention
of attending and the organization of
an improvement association is ex-
pected.

"With a business boom impending
from San Fernando Road and Brand
boulevard to San Fernando and
Windsor Roads we need an associa-
tion to push through improvements
which are vitally necessary to the
growth of this section," declares Mr.
Schram, who is actively interested in
the real estate business. He is one
of many live wires who are putting
old Tropico back on the map.

OBJECTION BY RESIDENT

A resident of southern Glendale
writes The Glendale Evening News
as follows:

"Is the city of Glendale honoring
the memory of departed friends when
it surrenders the gateway to the Lit-
tle Church of the Flowers to the noise
and confusion of the business
world? Must the noble eucalyptus
grove that adorns the triangle facing
Glendale avenue and Brand
boulevard be sacrificed to traffic in-
terests? Nothing could be more ap-
propriate than these tall sentinels
guarding the gateway!

"The marvelous growth of the city
will soon make it necessary to re-
place the Cerritos school with a mod-
ern structure on this commanding
site. Now is the time for the city
fathers to make it possible for an
open space of lawn and trees that
will add to the beauty of this jun-
ction of three important highways, at
the same time assuring a quiet en-
trance into the City of Silence."

To this "Lover of Glendale" it
might be stated that while Glendale
is interested from a sentimental
standpoint in the cemetery referred to
as the "City of Silence," it does
not lie within the city limits.

the guest of Miss Cora Hickman and
Mrs. Adelaide Imler of 336 West

much reluctance that she returned to
her home in Colorado.

ducting a store in Iowa for over ten

to women's hats a stock of notions
will also be installed.

TELLS DETAILS OF CROP CONDITIONS IN OKLAHOMA

Mayor Spencer Robinson Is
Informed Through Letter
Sent Him by Friend

Spencer Robinson, mayor of Glendale, has received an interesting letter from Samuel Plummer, an old time friend who owns a farm in Michigan, enclosing a letter from another friend, William Dart of Checotah, Oklahoma, from which one gathers that the fame of Glendale and Glendale's mayor is not confined to southern California alone. The letter reads in part:

"I was glad to get your good letter of the 25th, and the enclosed letter and newspaper clippings about Spencer Robinson were very interesting. Old Man Spencer seems to be making a hit in Glendale and I am glad to know it. He is a dandy chap and has a fine family and it is fine that he is getting along so nicely.

"Farming conditions are the worst that I have ever experienced, although crop conditions are fairly good on the whole. Our small grain which was much the greater part of the crop on the prairies, is very bad. We had a drought in May which hurt it and then when the rains came later on they came too heavily and damaged all of the small grain immensely, ruining a lot of the oats absolutely.

Oats Badly Damaged
"Such of the oats as we managed to save are poor as to quality and yield also, and the same applies to the wheat and barley, although the wheat and barley are rather better in quality than the oats. The delayed rains came just about the time the oats were getting dead ripe and such of the oats as were not cut before the rains were completely lost.

"I think I must have lost two or three thousand acres in all, one whole field of sixty acres going by the board. And to cap the climax the stuff is worth nothing, oats starting in at 8 cents to 12 cents and many of them not wanted at that, and wheat from 50 cents to 80 cents. Oats are now somewhat better in price, the best of them bringing 25 cents but the yield is so bad that they will not pay taxes on the land as a whole.

"For instance: I have a quarter section near Beggs from which I will get in all 100 bushels of oats, worth 15 cents or possibly 20 cents per bushel, and 100 bushels of wheat worth 80 cents per bushel. I would call the small grain crop about as bad as a complete failure as it costs more to harvest it than it is worth.

Cotton Is Still Good
"Corn and cotton to date are fairly good, the corn on the best lands being practically made and I think it will turn out fairly well, but we have had no rain now for a number of weeks and today a hot wind is blowing so I look for what is left of the corn that is not already made to be worthless, unless we get rain soon which I do not expect, as everything goes to indicate a drought for the balance of the season.

"The cotton is still good and it can stand a long drought so it may turn out fairly well, but it will probably be worth so little that a lot of it will never be picked, just like last year. On the whole, as I said, I believe farming conditions are as bad as they possibly could be.

"I have taken a good many long drives over the country lately and find indications everywhere of an immense quail crop and I sure hope that you can manage to come down and shoot with me in December.

"Hope you find it cool and fine at Grand Island and get a lot of good out of the trip.

"As ever,
"BILL"

LARGE PEARS PRODUCED
Mr. and Mrs. A. H. Fuelscher and daughters Annie and Alice of 237 South Orange street and Margaret Fife of 517 North Jackson street, left by automobile Saturday for Palmdale and Lancaster. Sunday they motored fifteen miles outside of Palmdale and visited Guy Chase, a cousin of Mrs. Fuelscher's whom she had never seen before. Mr. Chase owns a large pear orchard. Mrs. Fuelscher states that some of the pears raised in the orchard weigh over one and one-half pounds. Mr. and Mrs. Fuelscher and party returned Sunday night.

DEMANDS PEACE QUICKLY
BERLIN, Aug. 23.—"America wants peace within a fortnight," El-Lis Loring Dresel, American commissioner, told Chancellor Wirth at a conference today. A meeting of the reichstag will be held before the end of August at which the consent of all parties, with the exception of the communists, to the signing of the treaty, is considered sure.

ACCEPTS INVITATION
WASHINGTON, Aug. 23.—Formal acceptance of the American disarmament invitation by Great Britain was announced at the state department today.

EX-PRESIDENT ELIMINATED

WASHINGTON, Aug. 23.—Woodrow Wilson and those who supported him most strongly in his fight for the league of nations have been eliminated in consideration for a democratic member of the American delegation to the disarmament conference, it was learned today. In administration circles it was made plain that Wilson, who was suggested by Senator King of Utah, would not be named. At the same time it was regarded as unlikely that President Harding would go to the other extreme and select any democrat who had openly opposed the league, because of the danger of alienating the democratic support he is now receiving on the conference.

The process of elimination has so far resulted in making the names of Senator Underwood of Alabama and Senator Pomeroy of Ohio stand out as the most likely of democratic candidates. Harding is said to be considering the appointment of one of them which, according to all indications, would please the majority of democrats.

HALF AND HALF FOR UNIONS

CHICAGO, Aug. 23.—Railroad union labor was wearing a wide smile on one side of its face today and a frown on the other. It was considered a good bet in railroad circles, however, that the smile will soon engulf the frown, for the decision of the railroad labor board upholding time and a half overtime for shopmen and full recognition of the eight-hour day will soon dispel whatever dissatisfaction is felt over modifications of seven important working rules in favor of the carriers.

It was also predicted that the shopmen will keep the strike vote that they have been carrying around in their pockets for the past two months right where it is. It was considered almost a certainty that if the shopmen had not been given time and a half overtime after eight hours that they were in a mood to use that vote.

Y. M. I. HOLDS CONVENTION

OAKLAND, Cal., Aug. 23.—Ten thousand delegates from the Pacific coast states, Canada and the Hawaiian Islands assembled in the Oakland municipal auditorium today in the convocation of the thirty-seventh annual convention of the Young Men's Institute. In an impressive street parade Sunday the delegates marched to the grounds of the College of Holy Names, where high mass was conducted in the open air and the great concourse was addressed by Archbishop Edward J. Hanna.

E. depot for La Crescenta over the Glendale and Montrose line. From there they will be transported by bus to Tujunga. Glendale people can avail themselves of this service.

C. T. Johnson, manager of the Montrose Lumber yards, was struck by a passing autoist last week and both of his ankles were broken. He is in a Los Angeles hospital.

You Can Camp at Tujunga
The executive committee of the Moon Festival of the Tujungans is arranging camping facilities for all who wish to spend the five days of celebration with the millionaires club of contentment.

To Improve Boulevard
Eagle Rock city trustees have decided to improve Colorado boulevard at once, the old paving having worn out in spots. This will be hailed as glad news by local motorists. Sale of \$19,000 street improvement bonds was ordered.

New Stars Are Shown on Glendale's Program

A new pair of stars will be seen on the screen at the Glendale Theatre today in a photoplay entitled "Live Wires." They are Edna Murphy, blue-eyed and fair-haired, and Johnnie Walker. The pair have been elevated to stardom by William Fox because of their clever work in Fox productions. Johnnie is the hero, the fellow that gets all your sympathy and makes the big tears flow as you watch that wonderful Fox picture "Over the Hill," which has had nearly a year's run on Broadway, and appears here Wednesday and Thursday for the first times at regular prices. Edna also appeared in "Over the Hill." They are truly a clever pair.

Edna has been in pictures only a little over a year. "Live Wires," it is said, reflects accurately its title. Even electricians will enjoy its sparkling comedy. The tenth episode of "The Diamond Queen," a Pathe Review and the latest Rolin comedy complete the great one-day program.

HUNT FOR KIDNAPING GANG

NEW YORK, Aug. 23.—Police today started on the trail of a daylight kidnaping gang which operates near Greenwich Village district, New York, abducting women. The latest crime charged to it is the kidnaping of Mrs. Antoinette Larue Kant, beautiful 19-year-old French wife of Thomas J. Kane. She was snatched into an automobile while crossing Broadway near Washington Place in broad daylight Saturday afternoon, the police have been informed.

Police believe the kidnaping organization to be similar to the notorious Howard street gang in San Francisco, which seized a number of women and kept them prisoners. Members of this gang were taken from jail and lynched by a mob shortly after their arrest. Many of the women reported missing in recent months have, it is feared, fallen into the clutches of the "Greenwich gang." In addition to those actually abducted, a number of women have had narrow escapes, it was learned.

INDIANS OPPOSE 'SHIMMY'

OKREK, N. D., Aug. 23.—Civilization of the Indians is hopeless—they banned the shimmy and other wiggly dances today. Miss Rain-in-the-Face and other redskin flappers were forbidden to dance the old-time shuffles of the Indian race by a ruling put into effect at the Sioux Indian convention being held here. Indians over 60 years of age were exempted from the shimmy ban. "It's hard to change the habits of an old brave," it was held.

ROSCOE REAL TOWN PLAN OF BURBANK SUBDIVIDER

Six Business Blocks Will Be
Erected; San Fernando
Valley Is Active

Roscoe is to be the next new town
of the San Fernando valley.
So decrees Irvine W. Biggar of
Burbank who starts work this week
on the first of a half dozen store
buildings which will be located along
San Fernando road, five miles from
Burbank, four miles from Lanker-
shim and about nine miles from Glen-
dale. It lies midway between this
city and San Fernando and is on the
Southern Pacific railroad and San
Fernando-Los Angeles bus lines.

Roscoe already is quite a village
with a general store, garage, church,
etc., but Biggar sees the opportunity
of making it a real town. He says
its site is logical for subdivision, ly-
ing as it does at the junction of three
traveled highways.

200 Houses For Burbank
The Edwards, Willey & Dixon
company has taken over 35 acres be-
longing to the Empire China com-
pany at Burbank and will subdivide
the property. It is their announced
intention to build 200 houses thereon
before selling. In this way the
workmen brought to Burbank will
be accommodated with homes.

Valley Babies To Compete
Possibly one of the most keenly
contested exhibits at the San Fer-
nando Valley Fair, September 19 to
24, will be at the baby show in which
the mothers of this vicinity will
prove that children are southern Cal-
ifornia's "prize stock." However,
for the farmer there will be horses,
cattle, etc. Glendale will have to
shine at the baby show, for it has
little farm life among its urban pop-
ulace.

Minstrels At Burbank
For the benefit of Burbank Cham-
ber of Commerce a minstrel show
will be staged on August 30. Home
talent and home brewed humor will
make it the laugh fiesta of the year,
it is expected.

Two Slain, Slayer Suicides
Sheriff E. E. McMartin of Ventura
county and Constable Frank Kelly
of Oxnard were killed by a fugitive
Mexican at Owensmouth Saturday.
The latter committed suicide when
cornered by a posse of Los Angeles
officers. He was sought by the Ven-
tura county officers for the murder
of a laborer at the American beet
sugar plant.

Industry At Pacoima
One of the most flourishing in-
dustrial plants in San Fernando val-
ley is the Western Sierra Products
company at Pacoima. This estab-
lishment which is a branch of the
Maier's scientific laboratories of Los
Angeles, has recently launched "Ka-
oma" on the market—a cleansing
compound with a kaolin base which
is becoming favorably used in many
thousands of kitchens. At the fac-
tory they are equipped to turn out
30,000 cans of Kaoma daily.

Brant Cattle At State Fair
Owensmouth will be well repre-
sented at the California State Fair
at Sacramento held during the first
week in September. Brant ranch
will ship a full herd of prize winning
show cattle that will be the best herd
ever represented by the San Fernando
valley.

Holly Poultry Ranch
At the Holly poultry ranch near
Van Nuys 28,000 eggs were placed
in the incubators, and the same num-
ber will go in weekly until the fall
season closes. B. R. Holloway, the
proprietor, states that he expects to
market this fall double the number
of chicks handled last fall. Many of
them will be delivered to local poul-
trymen.

LEGION CONVENTION OPENS
CAMP CURRY, YOSEMITE, Cal.,
Aug. 23.—Expose of the alleged San
Francisco post election forgery af-
fair, which resulted in the withdraw-
al of the name of Charles Kendrick
for president, was denied to the dele-
gates of the state to the American
legion convention here. The execu-
tive committee behind locked doors
was considering testimony in regard
to the alleged bogus telegram, with
every indication that the matter, con-
sidered the most sensational business
passed over temporarily, though an
open discussion has been demanded.
The convention formally opened yes-
terday morning. State Commander
Buron R. Fitts presiding.

has admitted to Police Chief Ed-
wards that he "faked" the story he
told of having been offered \$25,000
by an unidentified man to participate
in a plot to murder Mrs. Fifi Potter
Stillman. He said he wanted to get
his name in the papers.

According to reports the German
automobile industry is rapidly reviv-
ing, and exports are increasing to

Fire Insurance

It is simply GOOD BUSINESS to SAVE MONEY whenever possible.

That is why shrewd property owners of Glendale and vicinity have Miller write their Fire Insurance.

They know that in addition to saving about 20 per cent—that the H. L. Miller Co. represents nine of the oldest and best companies in the world—and that this saving is possible because they are independent, non-board companies.

They know that through years of practical experience in the Insurance Business that Miller can give them better service than the average insurance agency.

The H. L. Miller Co. writes many times the amount of fire insurance than any other agency in Glendale—because claims are paid promptly, the service is better and the amount of premiums are lower. Will you give the H. L. Miller Co. the opportunity of serving you?

Five Gowns In One Is Before W. C. T. U.

SAN FRANCISCO, Aug. 23.—
This, ladies and gentlemen, will in-
troduce the "chameleon gown."
It changes not only its colors but
its five in one—an afternoon gown,
an evening gown, a street dress, and
two variations of long and short
sleeves.
While its name is sufficiently
reptilian to suit the most aggressive
vampire of Hollywood it commends
itself to the ultra-conservative for—
this is the big secret—it is sponsored
by the Women's Christian Temper-
ance Union now holding its national
convention here. The gown will be
displayed here this afternoon at a
fashion show at which there will not
be a dimpled knee, a silk encased
calf, a snow white neck, a rouged
cheek—not even a French heel, in
evidence.

The health section of the W. C.
T. U. will inspect the gown which is
brought here by Mrs. Ella A. Boole
of Brooklyn, New York.

While the dress can be made in
many materials the one Mrs. Boole
presents is blue poplin, made with
straight lines although not too se-
vere, silver embroidered waist and
beneath it a blue chiffon slip. The
secret of its many changes lies in the
slip.

Dress and decoration were receiv-
ing more attention at today's session
of the national convention. Several
delegates paused to wallow the lip
stick and others to qualify the as-
saults on such adornments with a
declaration that "a little powder
carefully applied" is far preferable
to a shiny nose.

But there was not a bit of tolera-
tion in evidence for rolled down
hosiery.

GETTING BACK TO NORMAL

NEW YORK, Aug. 23.—The meat
packing business, one of the largest
industries in the country, is rapidly
getting back to a normal basis. In
practically every line the packers are
experiencing a substantial increase
over pre-war business and the export
trade is evincing "encouraging pro-
portions."

"If the tone of trade in what is
probably the nation's largest indus-
try, meat packing—is any criterion
of general business, all manufactur-
ers of essential commodities can face
the immediate prospect with some de-
gree of confidence." Thomas Wilson
of Chicago declared in a telegraphic
statement to the United Press.

Wilson said that during the period
of depression packers often sold their
products below cost but maintained
production because of a sense of ob-
ligation to the public. He endorsed
the passage by congress of the pack-
ers' bill regulating the meat in-
dustry.

CLAIMS HE HAS DOUBLE

SAN FRANCISCO, Aug. 23.—Wil-
lam Hightower, accused of the mur-
der of Father Heslin, aged Colma
priest, now claims he has a double.
He was shown a photograph pub-
lished in a San Francisco paper last
winter in which several men in a city
park were playing checkers, one of
them bearing every resemblance to
Hightower.

"That's not a picture of me," de-
clared Hightower. "That's the fel-
low everybody has been identifying
as me. He's the one they've been
seeing at Salada Beach. Hightower
asserted that he was not in the city
when the picture was taken and be-
gged District Attorney Swart of San
Mateo county to institute a search
for the man in the photograph. Hight-
tower is still working over a second
statement to the public which he be-
gan on Saturday night.

OLD OIL WELL IS BURNED

During publication of yesterday's
edition of The Glendale Evening
News a pall of smoke covered this
city. Hundreds of people viewed
it with alarm and scores of telephone
calls poured into this office. Com-
ing as it did from the direction of
Los Angeles it was of great interest
to the public here as to where the
fire was. The press was stopped
and through the co-operation of the
Pacific Telephone & Telegraph com-
pany, United Press, and the R. L.
Hinckley Plumbing company, of Hol-
lywood, information was quickly ob-
tained about the burning out of an
abandoned well on a Salt Lake lease
in the La Brea fields in western Los
Angeles. The story of the fire ap-
peared in about one-half of the edi-
tion.

Plans African Power to Run Europe's Mills

BRUSSELS—Transmission of suf-
ficient motive power from Africa to
drive all the trains, light all the
towns, and run all the factories of
Europe is the aim of a scheme de-
scribed here by the Belgian engineer,
F. Anderheggen, in the "National
Belge."
The Congo river, in Africa, said
the originator of the plan, discharges
at least 80,000 cubic meters of water
per second, from its reservoir at
Stanley Pool, over the Livingstone
Falls to the sea outlet at Boma and
Matadi.
Two hundred million horsepower
is thus wasted, said Mr. Anderheg-
gen, who suggested that this vast
mass of water force should be car-
ried through pipes under high pres-
sure into electric generators in the
Lower Congo.
Thence in the form of high ten-
sion electric current, this vast power
would be sent to Europe, along the
Atlantic coast, through Senegal and
Morocco, and beneath the straits of
Gibraltar.

Carried over a distance of some
six thousand kilometers, the power
originally available at the source
would suffer a loss of 50 per cent;
but enough would still remain for
the hauling, lighting and factory
power requirements of Europe, he
asserted.

This scheme, says its daring origi-
nator, is no more utopian than the
Panama canal scheme. First, there
is plenty of native labor available in
the Congo. Second, cement, iron,
copper and other requirements are
no more difficult to obtain for this
purpose than for that of railway
building.
Proportionately, the job would
cost no more than the railway that
is going to link up Leopoldville and
Katanga. Less time would be re-
quired for this job than was needed
for cutting the Panama canal.

WOMAN MURDER SUSPECT

TACOMA, Wash., Aug. 23.—Mrs.
William H. Stubbs was under arrest
here today, held for the Knoxville,
Tenn., authorities, suspected of be-
ing Maude Moore of Knoxville, who
was convicted there more than two
years ago on charges of murdering
Leroy D. Harth, automobile dealer.
The arrest was made after a photo-
graph sent here by the Knoxville au-
thorities was alleged to have been
identified as that of Maude Moore.
Mrs. Stubbs declared she was inno-
cent. Maude Moore was convicted in
March, 1920, according to local po-
lice, of shooting to death Leroy
Harth at a lonely spot on the road
outside of Knoxville, September 8,
1919. She was convicted and sen-
tenced to twenty-one years' impris-
onment. She secured a new trial and
was released on \$10,000 bonds which
were forfeited when she disappeared.

Why Some People Save Easier Than Others—

It is often said that some people save easier than others; that it appears to be natural for them to save. The fact is that the spending of money is very easily accomplished by anyone and that saving takes effort.

The real reason why some people save more successfully is that they save with a purpose, something definite they want to attain, some goal they want to reach.

If you've failed to save or your savings do not amount to what you'd like them, get a purpose—then you'll really save.

CONFESSES HUGE SWINDLE

CHICAGO, Aug. 23.—A complete confession of the workings of an alleged \$6,000,000 swindle ring was made today by Rudolph E. Kohn, government official announced, as roundup of members of the gang continued. Kohn's story, according to District Attorney John V. Clinkin, in charge of the investigation, revealed new schemes of the "swindle trust" running into hundreds of thousands of dollars. Kohn, who passed as a credit man for securities houses to which the gang tried to sell \$30,000 worth of notes signed by the name of P. W. Davis, Cleveland millionaire. Authorities have not been able to determine whether Davis actually signed the notes or whether the signature was a fake. Davis was indicted, officials said, because he refused to co-operate in aiding to hunt down the alleged swindlers. Besides nearly \$2,000,000 worth of spurious securities seized when Charles W. French, "the wolf of La Salle street" and partner of John W. Worthington, was arrested, officials today started search for other alleged fraudulent securities amounting to millions of dollars, after Kohn told his story. The details of the huge conspiracy said to have been revealed by Kohn, were withheld pending arrest of six additional alleged members of the gang for whom warrants were issued. Six of the accused leaders are already held.

PLACES BLAME ON WOMAN

SAN JOSE, Cal., Aug. 23.—Quarrels over money were blamed today by the Rev. John A. Spencer, Santa Rosa minister, held in jail here while authorities investigate the death of his wife. Mrs. Spencer was drowned while boating with her husband at Clear Lake, Cal., several days ago, according to the verdict of a coroner's jury at that time. But the body has been exhumed and an autopsy performed, the findings of which have not been announced. While prison workers sang hymns in the jail yard yesterday, Rev. Spencer told his side of the story. He charged that a woman with whom he and his wife boarded for a time had been "scorned" by him after they had had trouble over a board bill. "It's a scorned woman burning for revenge," he declared. He charged this woman had furnished the authorities with the circumstantial evidence against him. He then detailed trouble he had had with Dr. Charles Craig, the autopsy surgeon, over a doctor bill. This, he declared, caused him to believe Dr. Craig was anxious to see him prosecuted. Mrs. Spencer was formerly Emma Morris of Toledo, Ohio.

WILL FIGHT FOR IRELAND

DUBLIN, Aug. 23.—"Many Americans are willing to fight for Ireland in the event of hostilities being resumed," declared Harry Boland, secretary to "President" De Valera in an interview today. "America fears peace between England and Ireland and approves the claim of a separate Irish nation," he said.

ACADEMY OF MUSIC TAKES LEASE ON PROPERTY HERE

H. E. Bartlett Residence Is Secured by Organization; Instructors Are Noted

The California Academy of Music has secured a lease on the residence of H. E. Bartlett, corner of Lexington Drive and Brand boulevard, opposite the proposed Tuesday Afternoon clubhouse.

This progressive young institution is exerting every effort to make Glendale the musical center of southern California, and this latest development is made necessary because of the rapidly-increasing growth of the student body.

Many attractive inducements were made to the California Academy by other communities in southern California, but due to the co-operation of Mayor Spencer Robinson and Secretary James Rhoades of the Chamber of Commerce, the location in Glendale was finally decided upon.

It was the intention of the management, as announced some weeks ago, to take space in the new building being erected by the Chamber of Commerce. Since that time the needs of the school has grown to such an extent that more space was needed than could be obtained in the Chamber of Commerce building, and through the efforts of Mrs. Helen J. Redmond the Bartlett home was secured for the use of the school.

New Departments

The additional space provided will enable the California Academy of Music to add immediately the departments of voice, violin, pipe organ and harp, in addition to its present department of piano.

Miss Elsa Breidt remains at the head of the piano department, and the new departments will be headed by such celebrities as Margaret Goetz, the well-known vocalist; Julius Bierlich, the violinist, former concert master of the Los Angeles Symphony orchestra and for two seasons a member of the famous Ysaye orchestra of Brussels, Belgium; and Albert Tufts, the premier organist of the Pacific coast and one of the most talented organists in America.

Special efforts will be made to build a student body from all points in the valley contiguous to Glendale, as well as to bring advanced students from all points of America.

Mr. and Mrs. Bartlett have rented a place at 417 Myrtle street and will move September 1.
